

COMMERCIAL SHADE STRUCTURES

LEADERS IN SHADE

With a background in manufacturing hi-tech ocean racing sails, Horizon offer unparalleled expertise in the engineering and shaping of fabrics and structures.

In recent years, an ever growing number of businesses are realising that architectural shade structures can provide an eye-catching and attractive way to create welcoming areas for employees, patrons and customers.

Functional and attractive

Special design consideration is given to ensure necessary shade and weather protection whilst promoting desired outdoor ambience. We offer a range of solutions including:

- Outdoor areas for hotels, clubs, restaurants and gaming venues
- Barbeque areas at factories and offices
- Street café's
- Public pools
- Car yards and car parks
- Innovative bowling shelters
- Sporting clubs
- Nurseries

Waterproof & mesh solutions available.

We handle it all!

Not only do we manufacture and install all of our structures, we can also organise and prepare engineering detail and all relevant Permits on behalf our clients. We also offer a 5-year warranty on workmanship.

Our expertise can be lent to any stage of a project, and we happily lend our expertise to Architects and Builders to assist wherever required.

Call us today

We will be happy to discuss any project with you. To arrange a site assessment, or to find out more call Horizon Sailmakers on
